SOME FACTS ABOUT HEMET AND MOUNTAIN VALLEY RV RESORT:

Hemet retains much of its retirement orientation but is also becoming home to significant numbers of younger families who provide services to the senior population or who are simply fleeing the more urbanized areas of Southern California. The economy is based primarily on service to the senior community and ancillary services such as financial institutions and the health care professions.

Hemet is located in Riverside County, California, and was founded in 1887 and incorporated in 1910. The city encompasses 17.75 square miles and a population of over 60,000. Hemet is conveniently located to many major & regional cities such as: Palm Springs 41 miles - San Bernardino 41 miles - Riverside 35 Miles - Temecula 26 miles - Escondido 60 miles - San Diego 80miles - Los Angeles 90mi & Orange County 70 mi. Hemet is ideal for retirees desiring the atmosphere and charm of a smaller community and is conveniently located close to the mountains, desert and the ocean beaches of Southern California.

The annual rainfall is 13.5 inches with the average temperature as 75 degrees.

The resort is quietly located in the heart of Hemet just minutes away from all shopping, restaurants, health care facilities and recreations venues. Our community is full of friends and neighbors waiting for you. Below is a collection of information for you use:
